

DENALI AVIATION HEADSETS			
Product Photo	Part Number	Description	MSRP (\$ USD)
	D90ANR	<p>Denali D90ANR Fixed Wing Headset with Dual Inputs</p> <p>Flightcom's Denali is an extremely lightweight headset engineered to offer high reliability, exceptional performance, and outstanding comfort. Weighing only 13.4oz., Denali is designed to fit unlike any other aviation headset, with unique conformal ComLeather™ ear seals that provide excellent passive noise attenuation. The reliable Twist Flex headband provides a secure and comfortable fit with low side pressure. ANR circuitry achieves additional 18-20dB of active noise reduction at certain key low frequencies to minimize noise fatigue. Uses AA-size batteries for up to 50 hours of continuous ANR use. Includes SPS – a digital power management circuit that conserves battery life by shutting off the ANR circuit when not in use. Also includes dual inputs that support cell phone and auxiliary connections for communication and entertainment. Automatic muting of aux inputs ensures that all incoming transmissions are instantly heard. Comes with a highly padded storage case</p> <p>Color: Soft Touch Carbon Fiber Finish</p>	\$499.00
	D30SP	<p>Denali D30SP Fixed Wing</p> <p>This fixed-wing headset weighs only 11oz. yet is engineered to offer high reliability, exceptional performance, and outstanding comfort. The Denali is designed to fit unlike any other aviation headset, with unique conformal ComLeather™ ear seals that provide excellent 21dB passive noise attenuation. The reliable Twist Flex headband provides a secure and comfortable fit with low side pressure. Comes with a highly padded storage case</p> <p>Color: Soft Touch Carbon Fiber Finish</p>	\$299.00
